The Honorable Robert F. Kennedy
Chairman, National Health Agencies Campaign
Washington 25, D. C.

Dear Mr. Kennedy:

Since receiving your recent letter about the National Health Agencies campaign, I have reviewed the status of this drive within the Agency. I am glad to report that our current results are substantially better than those shown in the 27 March report to which your letter referred.

Some 90% of our employees have now returned their campaign envelopes and of these 81% have made contributions totaling \$18,364. On the basis of returns to date, I am hopeful that we will equal or exceed our performance of last year.

I share your desire that this campaign continue its upward trend and feel sure that the employees of the Agency will do their part toward achieving this end. I have asked that a special effort be made to reach all employees who have not contributed so that we will gain full support of these worthwhile activities by Agency personnel.

Sincerely,

(Signed) JOHN A. McCONE
